

# faith + ecology

Bet Alef Meditative Synagogue, Seattle First Baptist Church  
and St. James Cathedral present their

## FALL FAITH + ECOLOGY FILM SERIES

All films free and open to the public

### **SONIC SEA**

October 4

Oceans are a sonic symphony. Sound is essential to the survival and prosperity of marine life. But man-made ocean noise is threatening this fragile world.

*Sonic Sea* is about protecting life in our waters from the destructive effects of oceanic noise pollution.

### **SUSTAINABLE**

October 11

A vital investigation of the economic and environmental instability of America's food system, from the agricultural issues we face - soil loss, water depletion, climate change, pesticide use - to the community of leaders who are determined to fix it. *Sustainable* is about the land and the people who work it.

### **RETURN OF THE RIVER**

October 18

A group of strong-minded committed people attempt the impossible: to change the public opinion of a town and eventually the nation to bring a dam down. The community comes to a consensus, setting the Elwha River free and showing the way to more sustainable future.

Join us for this documentary discussion series on faith and the environment. We begin with a vegetarian supper at 6pm. Films start at 6:30pm, with discussion to follow. All showings are at the St. James Cathedral Pastoral Outreach Center (907 Columbia Street).
